General information

- QISPOS is available every day between 8 a.m. and 10 p.m.
- In the night the system generates and saves all student data
- Winter term starts on **15.10.** and summer term on **15.04.**

Target dates

- Each semester is subdivided into three time ranges in order to enable repetitions within one semester.

	Target date in summer YYYY1	Target date in summer YYYY2
T01	15. april- 30.june	15. october - 31. december
T02	01. july - 31.august	01. january - 10. march
T03	01. september - 14. october	11. march - 14. april

- The examination date determines the date range. The registration deadlines can be chosen independently of the date range. These depend on the type of examination!

Deadlines for module examinations

For written or oral module examinations:

- **end of application** = 7 days before examination date; may vary and may be changed by examiner
- **End of cancellation** online = **1 day before examination date**

In order to register for the re-examination, the grade (not passed) must be entered!

Portfolio

- Applications for portfolio examinations are usually possible within the first 6 weeks after the semester change (15.04. / 15.10.).
- End of application no later than the first relevant performance or achievement.

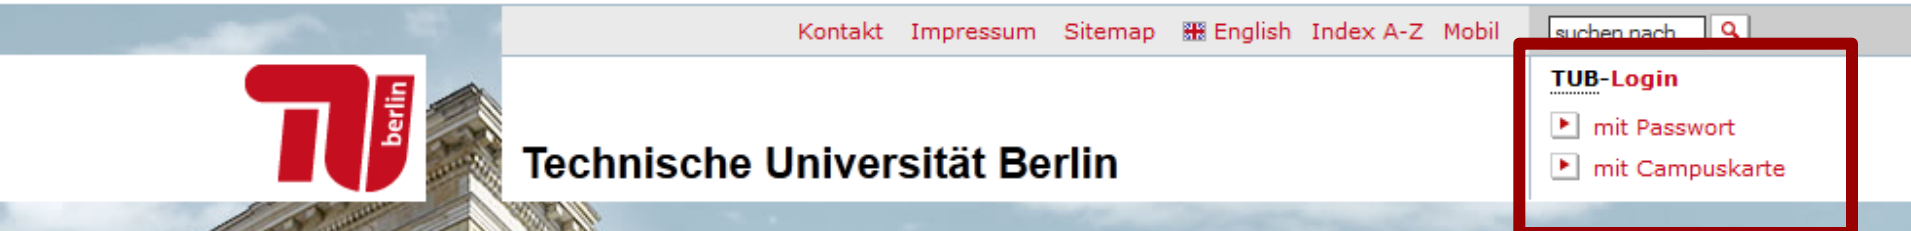

Example: Portfolio examination with two components

- 1. component at 08.12.2018
- 2. component at 20.02.2018

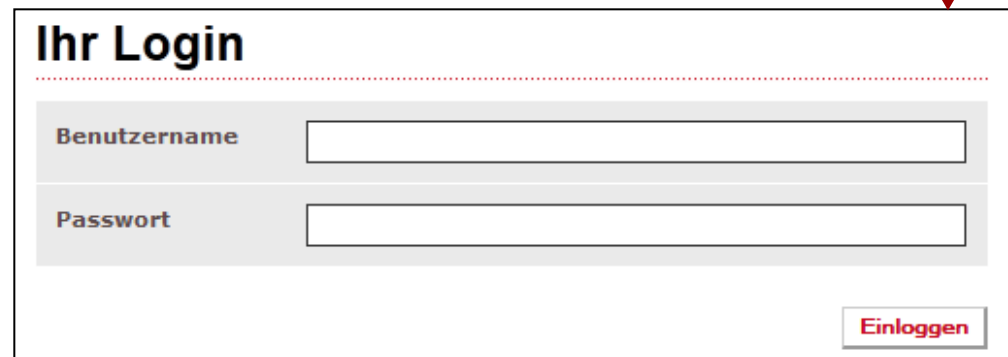

start of application : 15.10.2018

end of application : 07.12.2018

end of cancellation : 07.12.2018
